## Patriotic Fund Annual Meeting

The annual meeting of the Blaimore Branch of the Patriotic Fund was held at the Oddfellows' hall on Wednesday night, when the report of the work of the past year was read by the secretary and matters in connection with the future work of the Fund were discussed.

From the report it was shown that during the year the committee held some twelve or more meetings, all of which were well attended. Of those elected on the committee at the annual meeting in January, 1917, all remain at the present, with exception of the late Mr. D.A. Sinclair, Dr. E. H. Gray, Mr. L. G. Eaton and Mr. W. Shaw. Mr. Shaw resigned the presidency several months ago, the vacancy being filled by the election of Mr. J. E. Gillis, who has held that office until the present.

The average number of beneficiaries of this branch throughout the year was about twenty, while the average amount paid out per month prior to November 1st last, was \$455.00. Since November 1st, owing to increase in allowances, the average has been \$540.00. The average receipts for 1917 were about \$315 per month, while the amount sent in to the head office at Calgary averaged \$310.00 monthly.

Receipts and disbursements for the year were as follows:

RECEIPTS.	
Balance on hand Jan. 1st, 1917	\$ 63.15
Employees W.C.C. Co.	1,512.95
Office Staff W.C.C. Co.	230.65
Employees McLaren Lumber Co.	907.00
Regular Monthly Subscribers	859.75
Patriotic Dance January 30th	90.00
Benefit Show by C. W. Johnston	10.00
Andrew Edgar	20.00
Total Receipts	\$3,822.90

DISBURSEMENTS.	
Sent to Head Office, Calgary	\$3,700.00
Secretary's allowance for Postage, etc.	78.00
Printing	7.50
Tabulating list of subscribers	10.00
A. W. Robbins, auto trips	2.00
Delegate to Calgary Convention	13.50
Balance on hand Dec. 31st, 1917	11.90
Total	\$3,822.90

Communications from the secretary of the South Alberta Branch were read and considered, and it was decided to suspend solicitation for subscriptions on behalf of The Fund, but instead to ask those who have been contributing monthly to The Fund to continue subscribing to The Red Cross instead, and also to appeal to the miners and other industrial employees to consider the welfare of the latter organization, which today was in urgent need of all the financial assistance available.

A committee of five was elected from the meeting on Wednesday night, who are to act as an advisory board. That committee comprises Mr. J. E. Gillis, Mr. J. F. Hunter, Mr. J. B. Harmer, Mrs. W. Howe, Mrs. F. M. Pinkney, the first three mentioned being president, vice-president and secretary, treasurer respectively.

Stirring addresses were delivered by Messrs. Gillis, Hunter and others.

Refreshments were served by the ladies and the meeting brought to a close with the singing of the National Anthem.

## U. S. Transport Is Sunk By Sub

The British steamer Tuscania, with 2,179 United States' soldiers aboard, was torpedoed and sunk by a submarine off the north-east coast of Ireland. The loss of life is now estimated at about 100. This is the first great disaster in the war to America's armed forces.

The Tuscania was a British passenger and freight steamship of 14,348 tons gross register. She was built in Glasgow in 1914 and was owned by the Anchor line. The last report of the Tuscania was her arrival at an Atlantic port.

The submarine which torpedoed the Tuscania was attacked by a destroyer, and is believed to have been destroyed.

## Blaimore Boy Is Wounded

Mr. and Mrs. James Patterson today received a message, stating that their son, Private George Patterson, was suffering from shell wounds.

George is the youngest of five brothers who are serving in the trenches, and is the first to be officially reported wounded.

## I.S.W.L. At Frank

Owing to unforeseen circumstances, there was quite a change made in the directorate of the League at a general meeting held on Wednesday at the Sanatorium. For medical reasons, Pte Graham retired from the president's chair, and Corporal Simmonds and Pte Francis, having been transferred from the institution, left vacancies on the directorate. The directors considered it better to have a complete change and 'appealed to the country.' The result of the ballot for election of a new directorate was as follows:

President--Sergt. J. B. Stubbs.  
Vice-Pres.--Sergt.-Major Darknell.  
Secretary--Pte C. G. Ferguson.  
Directors--Pte C. W. Shipley, Pte Merry, Pte Callin, Sergt. G. Pollard, Lieut. Carter, Capt. Ritchie.

This change in office bearers also caused a reconstruction of the committees. Lieut. Carter was appointed chairman of the entertainments committee and Pte. Shipley takes over the sports.

The entertainments committee are arranging for a concert to be held on Thursday next.

## Samuel Parker Killed at Bellevue

A fatality occurred at Bellevue mine of the West Canadian Collieries, Ltd., early this afternoon, in which Samuel Parker, one of the most experienced miners of the district, lost his life.

Samuel Parker, as far as we can learn, came to his death through a fall of cap-rock. He was about 40 years of age, and is survived by a wife and two children, a boy of about 15 and a girl of about 13, residing at Maple Leaf, near Bellevue.

Coroner Pinkney was summoned and is conducting a preliminary inquest.

Interment will likely take place at Blaimore on Sunday afternoon.

The Alberta Legislature opened on Thursday.

[illegible]

Wheat is a commodity that lends itself to cheap transportation. Its nature is such that without injury to its quality it may be stored in any machinery, it does not require special care or barrels to contain it, it is more economically handled in its loose condition than in any other form. It is not on the water—fall of the "hold" and there is no shifting of cargo during a long storm.

Western Canada has the advantage of possessing large areas of wheat lands yet untouched. The country has proved itself suited to the raising of wheat, and the Government has adopted in this country the system of internal and territorial elevators, with the possibility of terminal elevators, with the possibility of Hudson's Bay. Western Canada will have the advantages of the lowest rates and the shortest route to the great markets.

The copyright of the Revised Version of the Bible is the property of the Oxford and Cambridge University Presses, though the fact had escaped the notice of the publishers. I consulted a lawyer as Sir Edward Clarke. A few years ago Sir Edward prepared a collated version of St. Paul's epistles, and he had been asked by the translators of 1611 in all cases where their rendering was substantially accurate and elsewhere substituting the Revised Version. When the whole of his work was in type he discovered that he could not print without the consent of the University, as the University had applied for the necessary permission, which was duly given, though without any special conditions. Sir Edward was required to state that his use of the Revised Version was made "with the consent but without the approval of the University authorities," and that the Syndics do not countenance the offering of this version (i.e., Sir Edward Clarke's) to the church.—London Daily News.

When the first railway engine came to a backwoods settlement in the United States many years ago the most obstinate native in the community declared that it wouldn't go. When it was demonstrated to him that it would go, he promptly conceded the point, but maintained that in such event it couldn't be stopped again! But, on the other hand, remember the time you used to smile every time you read in the papers that the Wright brothers were still attempting to make a machine that would fly.—Ottawa Citizen.

They fight even as they speak of the families at home whom they have not seen for months and sometimes years. They fight for freedom, for justice, for the traditions of a race and the preservation of civilization. It is for these things that Canada and Australia and New Zealand fight side by side with Great Britain and with France. They look to the west and the spring, with the legions of the United States storming forward into the firing line. Out of such war-companionship they predicted would be born a new world understanding.

### Cowley Happenings

Miss Edith Gilmour is visiting in Tennessee district.

Miss Mary McDougall, of Fernie, is visiting in town.

The Tanner school has reopened, with Miss Terrill in charge.

Mrs. VanAllen is on the sick list, we regret to say.

Mr. and Mrs. McLaughlin were in town on Tuesday.

Born, on February 4th, to Mr. and Mrs. A. Freeman, a daughter J. Kemmis has gone to Edmonton to attend the session of legislature.

Jack Sheffield has returned from attending the wedding of his sister at Calgary.

Mr. McKason, of Tennessee district, is taking a tractor course in Calgary at present.

Emile Fortier is laid up, with rheumatism. He is bed-fast and has been compelled to have a physician attend him.

Charles Crawford has returned from Calgary with his bride. They are spending a few days on their ranch before moving to town.

The Canadian Amusement Company gave a concert and dance in the town hall on Friday night, which was well attended and an enjoyable time is reported.

Mr. Hargrove, while carrying a load of books to the school on Monday, had the misfortune of spraining one leg so badly that on Tuesday night he was obliged to go to the Pincher Creek hospital. We hope he is not in a serious condition.

On the 22nd of February, Mrs. Robert Littleton will give a concert in the town hall in aid of the Red Cross. We bank on this being worth coming to hear, as Mrs. Littleton is thorough in all her undertakings.—You will miss a treat if you do not come and hear what she has to give.

On Saturday afternoon last a large crowd gathered in the town hall, when the Red Cross Juniors gave an "At Home," which was one of the greatest hits of the season. Merry-making began by dancing, which was broken by some of the most popular patriotic songs, a few good instrumentals, stories, games, etc. We had the extreme good fortune of having with us Mr. Hall, Mrs. Harriman and Miss Groves, all famous musicians, who gave some splendid patriotic songs and music in their pleasing and skilful manner, which was loudly applauded. The quilt, which was raffled, was won by Ralph Veitch, and donated by him to the society to be auctioned off. All told, the proceeds amounted to \$89.10. A dainty and delicious lunch was now served to hungry appetites. Having satisfied them on this score, this most successful affair broke up by ringing the National Anthem.

### Local and General

Rev. James Fulton is at present enjoying a holiday visit at Edmonton, and hopes to return to his duties as pastor of Central Union church early next week.

We ask to be pardoned for having inadvertently noticed a fellow "grasping a situation" on Monday night. Had we been in the habit of wearing a hat, we certainly would have kept the matter under it.

J. C. Hendry, a barrister, formerly of Aberdeen, Scotland, has recently become associated with D. H. Elton in practice at Lethbridge. Mr. Hendry practiced for some years at Aberdeen, and came out to Athabasca Landing some years ago, and had been practicing at Coleman until very recently. His family have taken up residence in Coleman.

A special meeting of the local lodge of the L.O.O.F. was held on Saturday night last, for the purpose of receiving a visit from Grand Master Robert A. Parker, of Calgary. About fifty members of the triple-link were in attendance, about thirty of the number being members of Bellevue lodge. Following the meeting the members sat down to a lunch provided at the Chink's emporium.

Private Harold Hurst, returned veteran in Edmonton, has a good word to say for the C.P.R. After three years of service in France, he was invalided home, and his wife and two children who were in England, preceded him. On the way home from St. Johns, one of the children developed measles, and the C.P.R. officials very graciously attached a special coach to the train from North Bay to Edmonton for their use. The soldier's wife and family were shown every courtesy, and everything possible for their comfort was done, even to giving medical attention free. It affords us a great deal of pleasure to relate this fact, for as we not told that "corporations have no souls." Evidently the C.P.R. is an exception. Hats off to them. —High River Times.

### Do It Now!

If with pleasure you are viewing  
Any work a man is doing,  
If you like him or you love him, tell him  
now.  
Don't withhold your approbation  
"Till the person makes oration,  
And he lies with snowy lilies o'er his brow."

For no matter how you shout it,  
He really won't care about it;  
He won't care how many teardrops you have shed.

If you think some praise is due him,  
Now's the time to slip it to him,  
For he cannot read his tombstone when he's dead.

More than fame and more than money  
Is the comment kind and sunny,  
And it gives you heart and spirit to the end.

Perhaps he's waiting, yearning, sighing  
And the days are swiftly flying,  
While the ups and downs of life his ways attend.

If he earns you praise bestow it;  
If you like him, let him know it.  
Let the words of true encouragement be said.

Do not wait till life is over,  
And he's underneath the clover,  
For he cannot read his tombstone when he's dead.—Ex.

## The Best Farm or Ranch Car

YOU would replace your "general utility" team with a powerful, sturdy, Ford car at once, we believe, if you but figured the matter out carefully.

The Ford is especially suited to western conditions and your needs. It is equal to rough roads, big loads and long distances. These are the very tests to which you will put your car.

A Ford will run your errands for repairs, grease, mail and countless other necessities quickly and cheaply. It will save you weeks of time and money. It will be one of your best investments. It will make prairie life more enjoyable. You need a car and need it badly. The Ford is the utility car for the Western Farmer.

A fair audience greeted the vaue-  
deville show given at the opera  
house on Thursday night by Hall  
& Co. After the show a dance was  
given, music being supplied by the  
company's orchestra.

Our problem is to feed the Allies  
by sending them as much food as  
we can of the most concentrated  
nutritive value, in the least ship-  
ping space. These foods are wheat,  
beef, pork, dairy products and  
sugar. Our solution is to eat less  
of these and more of other foods of  
which we have an abundance, and  
to waste less of all foods.

As a result of a conference at  
Ottawa, Hon. A. J. McLean of  
Alberta reports that each province  
will provide the accommodation for  
its own quota of mentally afflicted  
soldiers, the expense to be  
borne by the Dominion govern-  
ment. He added that the authori-  
ties at Ottawa claimed that the  
percentage of returned soldiers who  
were insane was very small, and  
that of these, quite half of them  
had been predisposed to mental de-  
rangement either through heredi-  
tary or other causes before joining  
the army.

Mr. C. W. Johnston has just had  
installed at the opera house a new  
model 8 A cinematograph, the only  
one in the Province of Alberta out-  
side the big cities now in operation.  
The machine was imported direct  
from Chicago and was set in opera-  
tion for the first time this week.  
The machine is operated by a one-  
third horsepower electric motor,  
which is supplied current through  
an independent transformer, so  
that there will be no fluctuation of  
current and besides the pictures  
will be steadier and more regular.

It's fine to have fun; but don't  
let the fun cost more than the  
fun.

Here's an interesting item that  
appeared in a recent issue of the  
Lethbridge Herald: "The Hillcrest  
school was destroyed by fire at  
Moose Jaw." And still Hill-  
crest people refuse to admit that  
that village is outside the windfall  
zone.

The Edmonton Bulletin declares  
that the single tax discourages the  
ownership of land, and the Calgary  
Alberta declares that it does so  
such thing that it discourages  
speculation in land and the holding  
of land out of cultivation, and that  
it encourages the ownership of  
much land as a man can make use  
of.

In a letter received from Capt.  
David Fraser, he states that a short  
time ago, while he was in a strange  
part of the line, just looking it  
over, on going down one of the  
trenches a piece of newspaper in  
the trench attracted his attention.  
He picked it up and there to his  
surprise was a well-worn portion  
of The Enterprise. It's wonder-  
ful how old friends meet.

A Derby recruit was brought up  
for medical inspection, and the  
doctor asked him:

"Have you any defects?"  
"Yes; I am short-sighted."  
"How do you prove it?"  
"Easily enough, doctor. Do  
you see that nail up on the wall?"  
"Yes."  
"Well, I don't."

"It says here, 'One of the idols  
most revered by the Koreans is the  
figure of a woman, seated, resting  
her chin in her hand.'" said Mrs.  
Chatterley, reading from the news-  
paper.

"Which proves that the Koreans  
are about the wisest nation on  
earth," suggested her husband.

"How's that, Joshua?"  
"Well," said Mrs. Chatterley,  
with distinct emphasis, "simply  
because they make a duty of a  
woman who has sense enough to  
give her chin a rest."

Hereafter no more than one  
newspaper in one parcel can be  
sent to Great Britain. This order  
has been issued by the British gov-  
ernment, and instructions have  
been sent to the offices throughout  
Canada. In the past a bundle of  
newspapers could be sent under  
one wrapper. The order does not  
apply to France or Belgium. No  
reasons have been given for this  
change.
